

## **BANDANA BIB DESCRIPTION**

Our baby bandana bibs come with all the features unique for your baby.

- **Super Absorbent Drool and Teething Bibs**

Our dual layer bib made of 100% organic cotton with polyester fleece as the back layer makes it very absorbent, preventing babies' outfit from getting wet as a result of teething and drooling. Baby is dry all day long.

- **Stylish, Soft and Comfortable Bandana Bib**

A pack of 5 cute and fashionable patterns makes it a perfect combination with baby's outfit for any occasion and its hypoallergenic feature/nature prevents baby's skin from rashes. Baby is comfortable and presentable always. Mummy needs not worry about their teething stage.

- **Adjustable Nickel Free Snaps**

Moms don't have to worry about how fast our babies grow since our bibs are specially made with two snaps which are nickel free (no itchy rash on contact with skin) and can be adjusted as baby grows. Snaps are secure, making it difficult for toddlers to unfasten but again easy for parents to snap on and off. Our bib is recommended for infants and toddlers between 0-24months laying perfectly on baby's chest without bunching up.

- **Adorable Baby Shower Gift Set**

Parents will be delighted to have our drool bibs as a baby shower gift, not only because they are cute and stylish but also because of how durable and absorbent the fabric is. It reduces mom's worries about their baby's teething and drooling stages where they must constantly change baby's outfit because they get wet very often. It is the best gift for new parents during baby shower events, Christmas and all other special occasions. We absolutely made our bibs with parents and babies in mind.

- **Lifetime Guarantee**

Buy with confidence because our bandana bibs come with a 100% satisfaction guarantee, but if for any reason it doesn't meet your current standards, please do not hesitate to return it for a full refund or replacement. We want to delight our customers always.
